The State Department of Toxic Substances Control (Department) and Evergreen Environmental Services, Inc. (Respondent) enter into this Consent Order and agree as follows:

1. Respondent consolidates and transports hazardous waste at the following site: 412 Front Street, El Cajon, California 92020 (Site). The Department authorized Respondent to transport hazardous waste by Hazardous Waste Transporter Registration #242 issued on July 28, 2009.

2. The Department inspected the Site on July 29, 2009.

3. The Department alleges the following violation:

The transferring of the waste antifreeze occurred during 2008 and 2009.

4. The parties wish to avoid the expense of litigation and to ensure prompt compliance.

5. Jurisdiction exists pursuant to Health and Safety Code section 25187.

6. Respondent waives any right to a hearing in this matter.

7. This Consent Order shall constitute full settlement of the violation alleged above, but does not limit the Department from taking appropriate enforcement action concerning other violations.

8. Respondent admits the violation as alleged in Section 3.1 above.

SCHEDULE FOR COMPLIANCE

9. Respondent shall comply with the following:

9.1. Respondent has corrected the violation set forth above. Respondent shall operate hereafter in a manner that shall prevent recurrences of the violation cited herein.

No informal advice, guidance, suggestions, or comments by the Department regarding reports, plans, specifications, schedules, or any other

writings by Respondent shall be construed to relieve Respondent of its obligation to obtain such formal approvals as may be required.

9.4. Department Review and Approval: If the Department determines that any report, plan, schedule, or other document submitted for approval pursuant to this Consent Order fails to comply with the Order or fails to protect public health or safety or the environment, the Department may return the document to Respondent with recommended changes and a date by which Respondent must submit to the Department a revised document incorporating the recommended changes.

9.5. Compliance with Applicable Laws: Respondent shall carry out this Order in compliance with all local, State, and federal requirements, including but not limited to requirements to obtain permits and to assure worker safety.

Any deadline in this Consent Order directly affected by a Stop Work Order under this section shall be extended for the term of such Stop Work Order.

9.7. Notwithstanding compliance with the terms of this Consent

Order, Respondent may be required to take further actions as are necessary to protect public health or welfare or the environment.

9.8. Site Access: Access to the Site shall be provided at all reasonable times to employees, contractors, and consultants of the Department, and any agency having jurisdiction. Respondent shall allow the Department and its authorized representatives to take duplicates of any samples collected by Respondent pursuant to this Consent Order. Respondent shall maintain a central depository of the data, reports, and other documents prepared pursuant to this Consent Order. All such data, reports, and other documents shall be preserved by Respondent for a minimum of six years after the conclusion of all activities under this Consent

Order. If the Department requests that some or all of these documents be preserved for a longer period of time, Respondent shall either comply with that request, deliver the documents to the Department, or permit the Department to copy the documents prior to destruction. Respondent shall notify the Department in writing at least six months prior to destroying any documents prepared pursuant to this Consent Order.

The extension request shall include a justification for the delay.
